

HSBC RUGBY FESTIVAL DUBAI QUICK-RIP RULES

The attached is provided for consistency.

All are reminded that Quick Rip rugby is played by young players and continual disruption of play does not aid learning or enjoyment, referees are therefore encouraged to use their discretion in applying these rules (except those underlined) to provide equitable and appropriate 'solutions'.

- Quick Rip rugby is a non-contact sport. No fending is allowed
- A tackle is made by removing one or both tags of the opposing player carrying the ball (only)
- Tacklers should stop, shout "TAG!" or "RIP!" and hand / return the tag to the tackled player before re-joining play; Players must have two properly fixed Tags to re-join play
- When 'tagged' the ball-carrier must past the ball within three seconds and 2-3 (max) steps;
 The offside line is in line with the ball
- Turnover occurs on the sixth tackle, or when a player steps into touch
- A try is scored with downward pressure onto the ball beyond the try line; Diving (to score) is allowed

WINNING IS A REWARD, BUT NOT THE AIM - HAVE FUN!

THANK YOU TO ALL THE REFEREES, COACHES AND VOLUNTEERS!

1.0 PLAYING AREA

1.1 The seven players on a team will be the only people entitled to be on the playing area during a game. Coaches, substitutes and spectators must not be on the playing area during a game.

2.0 DURATION OF PLAY

2.1 After half time the teams will change ends.

3.0 NUMBER OF PLAYERS

- 3.1 Games will be played with seven players on the playing area at any one time.
- 3.2 All players in game day squad must play a minimum of Half a Game

4.0 SUBSTITUTES

- 4.1 Substitutes will be rolling with players can return to the field after some time off.
- 4.2. Substitutes should be made in a stoppage in play and the referee informed.
- 4.3 An injured player can be substituted but only once the injured player has left the playing area.

5.0 REFEREES

- 5.1 The referee will carry a whistle.
- 5.2 The referee will shout, "PASS!" when a rip has been made, and "TURNOVER!" after a sixth rip.
- 5.3 The referee will blow the whistle to signal the start of the two halves or when play is to stop.
- 5.4 The referee will signal to the team who is starting with a free pass, by pointing with an outstretched arm towards that team.

6.0 THE 'RIPPA' BELT

- 6.1 The belt is adjusted to fit the waist of the player and fastened so that two flags hang, one from each side.
- 6.2 Velcro attaches the flags so they are positioned one on each hip.
- 6.3 Care needs to be taken to ensure that for safety the tail of the belt is tucked away.
- 6.4 The belt must be worn outside the clothing, shirts tucked in and flags free so they can be ripped off.
- 6.5 If a player accidentally loses a flag when they have the ball, the game will be stopped to allow the player to replace the flag. Once the flag has been replaced the game will restart with a free pass by the player in possession. The stoppage will not count towards the rip count.

7.0 ATTACKERS

- 7.1 The ball carrier cannot fend defenders off using their hands, or the ball.
- 7.2 The ball carrier cannot guard or shield their flags in any way.

8.0 DEFENDERS (RIPPERS)

- 8.1 There is no contact in Quick Rip Rugby. Defenders (Rippers) ripping the flag off the belt of the ball carrier stops the ball carrier's progress.
- 8.2 Defenders (Rippers) cannot physically obstruct or touch the ball carrier.

9.0 STARTING PLAY

U8s (Mixed)

- 9.1 One team starts each half of the game from the center of the field with a free pass. (10.1)
- 9.2 When a try is scored, the non-scoring team starts at the center of the field with a free pass. (10.1)

U12 and U15 Girls:

- 9.3 One team starts each half of the game from the center of the field with a drop kick that must travel 7m-10m.
- 9.4 When a try is scored, the scoring team starts at the center of the field with a drop kick that must travel 7m-10m.

10.0 FREE PASS

- 10.1 To make a free pass, the player making the pass starts with the ball on the ground, moves the ball slightly forward using the side of their foot, then picks up the ball and passes the ball backwards to a member of their own team.
- 10.2 The Defenders (Rippers) must remain five meters back from the player making the free pass. They cannot start moving forward until the ball leaves the hands of the player making the free pass.
- 10.3 A free pass is also used to restart play at any time that play has halted and needs to be restarted.
- 10.4 If the ball travels out of the field of play, the game is restarted with a lineout with the non-offending side throwing the ball in.
- 10.5 Free passes cannot take place less than five meters from the try line.
- 10.6 A free pass is also awarded to the non-offending team when their opposition infringes the rules, an offside or for not returning the flag to the ripped player.

11.0 RIP

- 11.1 To complete a rip one of the two flags from the ball carrier's belt must be removed.
- 11.2 The only person who can be ripped is the ball carrier.
- 11.3 The Defender (Ripper) must stop, hold the flag above their head and shout "TAG" or "RIP!"
- 11.4 The ball carrier must then pass the ball immediately within (3-seconds and) two-three strides. He or she does not have to stop, return to the mark or roll the ball between their legs.
- 11.5 Six rips in a row leads to a turnover in possession.
- 11.6 After the ball carrier has passed the ball the Defender (Ripper) must hand the flag back to the player who then reattaches it to their belt before they rejoin play. If either of these players doesn't adhere to this, they will be penalized and a free pass will be awarded to the non-offending team at the place of the infringement.
- 11.7 If a player is diving for a Try and has their tag ripped in mid-air, the try is awarded to the attacker.
- 11.8 If a player is ripped before the try line and doesn't pass before they get over the line, they restart play five meters out from the try line with a free pass.
- 11.9 Restarting the rip count occurs when there is a turnover or when either team is penalized.

12.0 KNOCK ON

12.1 When a player knocks the ball towards the opponents' try line and does not regain control of the ball before it touches the ground, another player or the referee, a non-contested scrum is awarded to the non-offending team unless an advantage can be played.

13.0 OFFSIDE

- 13.1 Offside only occurs at a rip.
- 13.2 When a rip is made, all players from the Defender's (Ripper's) team must get back until they are behind where the rip was made. Failure to do so results in a free pass to the team in possession and the rip count will restart at zero.
- 13.3 If a player is offside and they intercept, prevent or slow down a pass, they will be penalized and a free pass will be awarded to the non-offending team, unless an advantage can be played.

14.0 PASSING THE BALL

- 14.1 The ball can only be passed by the ball carrier in a backwards direction.
- 14.2 Attackers must not pass the ball forward, towards the Defenders' (Rippers') try line.
- 14.3 Attackers cannot hand the ball to another Attacker.
- 14.4 A non-contested scrum will be awarded to the opposition if an Attacker passes the ball forward or hands the ball to another Attacker.
- 14.5 If the ball is not caught to conclude a pass but is not knocked on, play can continue.

15.0 KICKING

- 15.1 There is kicking in Quick Rip 7s in general play only at U12s & U14s.
- 15.2 No kicking in general play for U8s
- 15.3 If a kick in general play crosses the dead ball line, it is a free pass at the mark from where the kick was made.
- 15.4 If you are 'Ripped' you cannot kick the ball.
- 15.5 Normal offsides from kicking situations apply.
- 15.6 There are no conversions or shots at goal.

16.0 ADVANTAGE

- 16.1 Not stopping the game when an infringement happens is called 'advantage'.
- 16.2 Referees should play 'advantage' to the non-offending team if there is any chance that team may gain an advantage by there being no stoppage in play. i.e. if the non-offending team gains possession of the ball or retains the ball in circumstances that are more favorable than if the referee ruled a free pass.
- 16.3 The referee should call 'advantage' followed by 'advantage over' if an advantage is deemed to have occurred.
- 16.4 If no advantage occurs within a reasonable period, play restarts in the appropriate way.

17.0 GOING TO GROUND

- 17.1 Subject to:
- 17.2 if the ball carrier intentionally goes to ground or a player dives on the ball, a free pass is awarded to the opposition. [Players can dive for a try or dive on the ball for a try]

18.0 THE SCRUM

- 18.1 These consist of three players from each side.
- 18.2 No pushing you win your own ball.
- 18.3 Follow the ref's calls to 'crouch bind set'.
- 18.4 Both halfbacks must stand next to the scrum and can't advance past the middle of the tunnel.
- 18.5 Players who are not in the scrum and who are not the team's halfback, are offside if they remain in front of their offside line or overstep the offside line which is 5 meters behind the hindmost player of each team in a scrum.

19.0 THE LINEOUT

- 19.1 If the ball is carried or kicked out of the field of play, the game is restarted with a lineout with the non- offending side throwing the ball in.
- 19.2 The lineout must consist of three forwards from each team and a scrum half.
- 19.3 One player throws the ball in, other players jump for the ball.

- 19.4 There is no lifting the jumper must not be assisted.
- 19.5 Lineouts are Un-Contested U8s and contested in U12 and U15 Girls, but no lifting is allowed.
- 19.6 The player catching the ball should pass it back to a scrum half or the thrower coming around. Then usual lineout law applies.
- 19.7 For players not taking part in the lineout, the offside line is 10 meters behind the line of touch

20.0 FAIR PLAY

- 20.1 All players must play games in a positive spirit following the principles of good sportsmanship.
- 20.2 In instances of verbal abuse, physical abuse, poor sportsmanship, intentional offending, repeated offending or any other actions deemed unfair play, dangerous play or misconduct, a referee may send a player to be substituted from the playing area.
- 20.3 If a player is sent from the playing area by the referee, that player can be replaced by another player for 2mins.
- 20.4 There shall be no intentional physical contact between players.
